SPECIAL SERVICES:

For the work done, the client will pay compensation to the executor on the basis of the number of working hours, increased in case of night work, work on Sunday, holiday or other non-working day, in accordance with the provisions of the Labor Act or internal act of the client. For work done out of Rijeka, the employer must provide accommodation, food and transport. For jobs that require less than 5 hours of effective work, the price of one hour increases for 25% for a particular category of job.

The employer must provide technical and hygienic protection. The employer is required to pay 4 hours of work if a student comes to the workplace, and the job is canceled by guilt of the employer (failure of the truck, bad weather and so on).

If the work is carried out in one day and less than 4 hours, the employer must provide at least 4 hours of work. Otherwise, he must give to student compensation in the amount of 4 hours of work. Generally, jobs should be done under direct supervision and control of the employers. In cases where the student refuses to do the planned job, the employer must inform Student – Service about the situation.

Service provider (Student – Service) will make a bill. Bill amount will be charged for additional 17.5% of which 12% goes to commission, 5% for payment to the Contributions for Pension Fund and 0.5% for special contribution for health insurance.

The client is required to pay the submitted bill within 8 days. Otherwise, Student – Service will charge penalty interest rate. Student – Service may arrange higher price from those defined in price list. In the price list there are minimum prices of labor. The employer must comply with the minimum prices of labor which apply since 2008.
